Job Title: **Mechanic – Heavy Equipment**

Reports to: **Manager – Earth**

Company: **Elite Earth**

Location: **Waynesburg, PA**

---

**Job Responsibilities / Duties:**

- Inspect machinery, such as dozers, graders, excavators, rollers, and trucks and their components thoroughly. Make any necessary repairs and replace damaged or worn parts.
- Utilize proper tools and technology to find solutions to fix equipment.
- Ability to take machinery apart as well as reassemble.
- Familiarity with engine diagnostic equipment, such as computerized test equipment, and calibration devices, as well as use of micrometers and gauges, hoists, jacks, and hand tools.
- Schedule maintenance for machines and equipment and keep accurate service records.
- Overhaul and test machines or equipment to ensure operating efficiency.
- Assemble gear systems and align frames and gears.
- Fit bearings to adjust, repair, or overhaul mobile mechanical and hydraulic equipment.
- Thorough understanding of engines and transmissions, plus capability to clean, maintain, and service.
- Understanding the potential liability of personal actions and work behaviors.
- Responsibility for completing paperwork and submitting in a timely manner.

---

**Minimum Requirements:**

- GED or diploma required. Vocational or community college courses related to mechanics are a plus.
- Two years' of experience required.
- Class B CDL preferred.
- Valid driver's license required.
- Must be able and willing to work in adverse weather conditions, shift work, nights, weekends, holidays and overtime when necessary.
- Must be a self-motivated individual who can work independently.
- Must possess good communication skills and ability to work well with others.
- Must be a highly safety minded individual.
- Good follow through skills and attention to detail.
- Solid mechanical and troubleshooting skills.
- Must have own tools.
